SPINNEY will guarantee to forfeit \$500
for every case of Seminal weakness or
private disease of any kind or character

MIDDLE-AGED MEN.
There are many at the age of thirty and
sixty who are troubled with too frequent
evacuations of the bladder, often accom-
panied by a slight smarting or burning
sensation and a weakening of the system
in a manner the patient cannot account
for. In examining the urinary deposits
aropy sediment will often be found, and
some small particles of albumen will ap-
pear, or the color will be of a thin milky
hue, again changing to a dark and torpid
appearance. There are many men who
die of this difficulty, ignorant of the cause,
which is the second stage of seminal
weakness. Dr. A. will guarantee a perfect
cure in all such cases, and a healthy
restoration of the genital-urinary organs.
Office Hours—10 to 4 and 6 to 8 Sun-
days. Free. Thorough examination and advice

standing, a full course of medicine suf-

MERRY CHRISTMAS.

To everyone who settles his old subscription account or makes a new one between now and Christmas, we will give as a premium the *Continental* magazine, a handsomely illustrated journal published monthly. This applies to both daily and weekly, but not to club rates.

THE UNIVERSAL SENTIMENT

Speaking of the article on the "Asylum Board," which recently appeared in the *GAZETTE*, the *Times-Review* says:
 "The *GAZETTE*'s article was a well timed and sensible one. It took the same ground that was taken by the *Times-Review* in an article published when the charges were first preferred against Dr. Bishop. The entire trouble is attributed to the action of the Commissioners in removing Dr. Dawson, under whom everything was running smoothly and satisfactorily, to make place for two political favorites of different parties. The result has proven disastrous to the interests of the institution, and the proper thing for the Commissioners to do is to rectify their mistake in reinstating Dr. Dawson. There would certainly be no more injustice in removing Dr. Bishop, even if the charges against him are not sustained, than there was in ousting Dr. Dawson, against whose record nothing could be found upon which to base a charge. Dr. Dawson was appointed solely upon his presumed fitness for the position, while Dr. Bishop's appointment was the result of a political job inaugurated prior to the last general election. Presuming them to be equally competent, all of the argument, so far as justice is concerned, is in favor of Dr. Dawson's reinstatement. It would, moreover, free the institution from the taint of political jobbery."

The *Carson Appeal* says:
 "The above is from a leading Democratic newspaper, and simply illustrates the proposition that a man's political acts must be indiscoverably bad when his party newspapers will not support him."

CHRISTMAS BOOKS.

The progress of this generation has shown itself no more plainly in other lines, than in the art of printing, and in no branch more than in holiday books. D. Lathrop & Co. of Boston, are conspicuous for the talent displayed in the matter of their publications, as well as for skill in the workmanship. Their engraving, binding and printing are superb. The little story of "Puff" just issued, is a very fascinating story for little folks. It presents the autobiography of a canary, its haps, mishaps, reflections, etc., in the choicest and simplest language, with a rare blending of pathos and humor. It is sent post-paid for 75 cents.

EDITORIAL NOTES.

It is reported that General Cuellar refuses to obey orders from the City of Mexico to arrest Quinton, the Mayor of New Laredo, on a charge of complicity in the Mexican National train robbery. It is alleged that several of the robbers are known to be in Laredo. No one is willing to assume the responsibility of making affidavits against them.

The English authorities adhere to the opinion that Hicks Pasha and army have been annihilated. Baker Pasha has received news that there are 20,000 Arabs within nine miles of Suakim, exclusive of those besieging Toka and Sinkat. There is great want of food and forage at Suakim.

The attempt to make the trial and sentence of O'Donnell an international matter is far-fetched. O'Donnell was tried and convicted by a court having proper jurisdiction, for murder, and the Government of the United States had better keep its hands off.

The last news from Pekin confirms the report of the activity and increasing influence of the Chinese war party.

A Third Blasco Robber Captured

DENVER, December 15.

Sheriff Ward arrived here to-day for the purpose of taking "Yank" Kelly, arrested Tuesday last for complicity in the Blasco robbery. He has no doubt that Kelly is one of the men wanted. Kelly makes the third one of the gang captured.

EASTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

The Germans Favor the American Hog.

WASHINGTON, December 15.
 The State Department received from Wolfgang Schoenle, United States Consul at Bremen, Germany, a report containing a synopsis of a letter recently sent Bismarck by the Chamber of Commerce of Bremen, protesting against the prohibition of the importation of American pork. The protest sets forth: First, That American pork, on account of its wholesomeness and cheapness, enters largely into the diet of the working classes, and has become an indispensable article of food. In spite of the large steady growing consumption, not a single case of trichinosis has been brought to the notice of the authorities. Second, That the prohibition of the importation of American hog products is very likely to suggest to the United States Government a policy of reprisal. If that Government should impose a prohibitory duty on German stockings and knit goods, it would inflict upon German manufacturers, a loss of nearly \$5,000,000 per annum, and reduce whole communities to destitution. In view of these considerations, the Chamber submits the following to the Imperial Chancellor: "We most respectfully petition your serene Highness to intercede and interest yourself that the import of American pork products to set free again. Consul Schoenle says that protests and petitions similar to this have been sent to Bismarck from all the prominent German ports."

Colonel Dodge on the Railroad Alliance.

DENVER, December 15.
 Colonel Dodge, General Manager of the Denver & Rio Grande, speaking of a reported possible alliance between the Chicago, Burlington & Quincy, Northwestern and Denver & Rio Grande roads in opposition to the Union Pacific tripartite pool, said: "While no overtures looking to such a combination have yet been made to our road, yet, in view of the recent action of the Union Pacific, such an alliance is not altogether improbable. But I am inclined to be of the opinion that the differences will be adjusted, as the Union Pacific could hardly afford to discriminate against the Burlington and Northwestern, especially so while these roads are doing considerably over 50 per cent of the west-bound competition business of the entire pool."

No Arrests Without Requisition and Warrant.

SAN ANTONIO, December 15.
 A news dispatch from San Antonio says Lieutenant Sheely, commanding the Texas Rangers at San Antonio, has telegraphed Adjutant General Klieg, intimating that the Mexican National train-robbers are in Texas. He is able to arrest them, and asks authority to deliver them to the Mexican authorities. The Adjutant General instructed Sheely not to make arrests without warrant and requisition.

General Howard in Favor of Branding.

PHILADELPHIA, December 14.
 General Howard's recommendation that deserters from the army be branded with the letter "D," is severely criticized by the journals here as well as elsewhere. The *Press* says: It is not only unworthy of a Christian soldier, but a quarter of a century behind the times. Somebody should take Howard into the ante-room and tell him that the war is over.

Democratic National Convention.

WASHINGTON, December 15.
 Among leading Democratic members of Congress the opinion prevails that the National Democratic convention will be held at Chicago, and they are working quietly but diligently to secure it. Louisville is also anxious to secure the convention.

Raid on Gambling Houses.

CHICAGO, December 15.
 The police raided five gambling houses at one o'clock this morning and arrested 80 keepers and inmates. Faro and roulette tables, chips and gaming outfits captured were taken to the police station and burned.

The Cox-McLaughlin Case.

SAN FRANCISCO, December 15.
 Referring to the case of McLaughlin and Cox, the *Alta* this morning publishes a statement derived from an authentic source that some time ago McLaughlin instructed his lawyers to inform Cox's attorney that he was anxious to settle the case, as the daily annoyance was more than he could stand, and that he offered \$75,000 in full settlement. This offer, whether with Cox's consent or not, was peremptorily refused, the attorneys stating it was not enough to go around them for fees, let alone what Cox was entitled to. McLaughlin's funeral takes place to-morrow. Cox's case was continued till the 18th.

Again Postponed.

SAN FRANCISCO, December 15.
 The case of forgery against Neilson and Miss Hill is again postponed. It will come up Friday next.

FOREIGN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

Hayti and Her Trouble With France.

PARIS, December 15.
 The Deputies to-day discussed the estimates for the foreign office. Ger-ville Roche, referring to the position of French residents in Hayti, criticised the conduct of the French consul during the recent events at Port au Prince. Prime Minister Ferry replied that the Haytian Government has admitted its responsibility in the matter and undertaken to indemnify French sufferers. France would see the indemnity duly paid, and would make inquiry into the conduct of the consul.

The Trouble in Anam.

PARIS, December 15.
 The Government is without information relative to the reported revolution at Hue and the poisoning of the Anamite king. It is well known, however, that the King's position has been a very difficult one since signing the treaty with the French. Eight hundred French troops occupy the forts at Hue and on the river, and seven gunboats are in the stream. The Government, therefore, has no fear for the safety of its forces there.

Courbet Ordered to Await Reinforcements—Prices Fall in the Bourse.

PARIS, December 15.
 It is stated that owing to a revolution in Hue and the death of King Hiephepa, the government has ordered Admiral Courbet to remain upon the defensive until further reinforced.

An uneasy feeling is again apparent here, owing to the silence of the Government in regard to affairs in the east. The bourse is agitated and prices are dropping.

War Believed to be Inevitable in Europe.

BERNE, December 15.
 Richonnet, the head of the Political Department of the Federal Council, at a military banquet, said: Be on your guard. Let the Swiss people prepare to defend their country. Many black clouds are gathering on the European horizon. War, long avoided, is hardly to be escaped after 1884, and may even come next Spring.

O'Donnell's Scaffold Erected.

LONDON, December 15.
 The scaffold upon which O'Donnell will be executed is being erected by the hangman, inside Newgate. O'Donnell sleeps well and takes his meals regularly. He does not occupy the cell to which condemned persons are usually assigned, but is placed in a larger one. Two wardens are constantly watching him. Usually only one man is detailed for this service.

Unhappy Ireland.

DUBLIN, December 15.
 Placards bearing the signature of Colonel Stewart Knox, the Orangemen's Grand Master, are posted in Dungannon, and announce a monster meeting of Orangemen at Dromore, county Down, on the first of January. There will be an opposition meeting of Parnellites at the same time and at the same place, and Lord Rossmore will be present.

Wants to Save War.

LONDON, December 15.
 It is believed that China has submitted a basis of arrangements of the pending difficulty with France to the judgment of England. A correspondent says it seems certain, despite all contrary assertions, that there are no regular troops at Bacinh or Sontay; thus, these places no longer constitute a casus-belli.

Killed Them All.

KHARTOUM, December 15.
 Three Government couriers from Kardofan, fully confirm the first accounts of the massacre of Hicks Pasha's army, also the accounts of Hicks Pasha's previous victories. The couriers state that no portion of the Egyptian army is now in Kardofan.

A Good Idea.

CAIRO, December 15.
 It is rumored that the Khedive is about to abdicate. At a Cabinet council the Ministers of the Interior and Foreign Affairs and Justice, declared in favor of Turkish intervention, while the rest of the Ministers favored English intervention.

More Trouble in Egypt.

CAIRO, December 15.
 There is great excitement among Mussulmans and Christians in Upper Egypt, attributed to the action of American missionaries. An outbreak is imminent.

Chilians Gradually Leaving Peru.

LIMA, December 15.
 Arequipa has been evacuated by the Chilians. The President's letter to Caceres assures the latter of his perfect security.

The Boy Incendiaries Convicted.

MILWAUKEE, December 15.
 Moffatt, Finch and Millard, the boy incendiaries pleaded guilty in the Criminal Court, and Judge Mallory sentenced them to the reform school till of age.

An Old Soldier's EXPERIENCE.

"Calvert, Texas, May 2, 1882.

"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral

As a cough remedy.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases. J. W. WHITLEY."

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

A considerable number of teams passed them on the road. Netherton, who is in charge, gives the report, and states that the roads are in excellent condition and business lively in the valley. The hogs of this drove have been grazed for four weeks, and are, of course, expected to bring more than mere stubble fed pork.

ANOTHER VICTIM.

An Old Lady Murdered in Six Mile Canyon.

The Enterprise says the wife of James Mahoney watchman at Shaft No. 2 on the line of the Sutro tunnel, was murdered yesterday afternoon by being beaten on the head with some blunt instrument. The husband has been arrested on the charge of having committed the murder, and is now lodged in the county jail. The house occupied by Mahoney and wife is near No. 2 shaft, and about three miles from Virginia City. It is a lonely spot where the wagon road to Sutro passes above the house, though there is a cut-off trail that runs near it. The couple lived there alone.

THE FIRST NEWS OF THE MURDER Came from Mahoney himself. W. W. Booher, Principal of the Sutro public school, was on his way to Virginia on foot, when he was overtaken by Mahoney, who was mounted on a mule. As soon as he saw Mr. Booher, Mahoney began to cry: "O, murder, murder. Somebody has killed my old woman!" He then said he did not know that his wife was dead, and wanted a doctor. Seeing that Mahoney was sent him back to look after his wife, and, mounting the mule, came into town and gave notice to the authorities.

WHAT MAHONEY TOLD MR. BOOHER.

Mahoney told Mr. Booher that he left the house about 2 o'clock in the afternoon to go hunting, and did not return till about 5 o'clock, when he found his wife lying dead outside of the house. He said the house had been robbed of \$80 in coin and some checks for small amounts, and that there were two bullet holes in his wife's forehead.

WHAT THE OFFICERS FOUND.

Sheriff Brown and Deputy McGowan at once went out to the shaft. The Coroner, Dr. Conn, Constable Ballard, Undertaker Charles Brown and others also went out to the place. Mahoney was found sitting near the body and still under the influence of liquor. He told Sheriff Brown that he had gone out to look for quails, and when he came back found his wife had been murdered. He said that he had four guns at the house; he took one with him, and when he came home he found his wife dead, the house robbed and the three guns gone.

The body of Mrs. Mahoney was found lying some 15 feet south of the house. The kitchen is in that end of the house, and from the kitchen door a walk leads south along a bank to a road or trail. From the walk down to where the body was lying is about four feet. Near the head, as it lay on the ground, was a post, and the post was spattered with blood. About the kitchen door, and on the walls near the door, blood was spattered. The kitchen is the first room at the south end of the house, then come two bed-rooms, and beyond these is a door opening out of the north end of the house. Blood was spattered about this north door.

THE WOUNDS FOUND ON THE BODY Were principally about the head. The whole left side of the face is crushed in as though with a rock or the back of a pick. Along down the left side of the nose was a gash about an inch deep and some four inches long. Over the right eye was a deep cut. The knees were found to be scratched, as if the body had been dragged over rough gravel. In the house a chair was found to be broken, as though in a scuffle. In the pocket of the dead woman's dress, wrapped in a piece of paper, were found 75 cents in silver coins.

Nothing about the house showed that it had been ransacked in search of valuables. Some of the clothes had been removed from one of the beds, but Mahoney said he took them out and put them over the body of his wife to keep her warm till he could come into town and get a doctor.

The Sheriff asked Mahoney how it happened that his hands were not bloody. He said that he washed them for fear people might think he had killed his wife. Seeing a telephone in the house, the Sheriff asked why he did not telephone to Sutro or this city when he found that his wife was dead. Mahoney said the telephone was out of order and would not work. The Sheriff at once tried the instrument and found that it was in perfect order. Those who visited the scene of the murder, believe that it was committed quite late in the evening, as the body was still warm, and when it was lifted, a steam arose from a pool of blood that was under it.

It is said that Mrs. Mahoney was in the city a day or two ago, and drew \$70 or \$80 at the bank. Mahoney is said to have been drinking a good deal during the past two or three days, and some women who passed near the house yesterday afternoon report that they heard the pair quarrelling. Under the circumstances, Sheriff Brown felt justified in arresting and locking up the husband. He was still drunk and somewhat incoherent when looked up last night.

The pair have four children, two sons and two daughters, all grown, and none of whom were living with the parents. The couple were about 50 years of age.

The news of the murder caused quite an excitement in town, as the

parties formerly resided here, on E street, near the Savage works, and were well known to many citizens. Some of the children are living in the city.

Sheriff Brown will go out to the house this morning and examine it and all the surroundings by daylight, as it was dark last evening before anyone from this city reached the spot. There were rumors last evening of one or two men having been seen in the neighborhood of the house during the afternoon.

Superintendent Thomas of the Sutro tunnel sent two men to the house last night to take charge of it and watch there until morning.

Humboldt County Looms Up.

The outlook has never been so fine in the Paradise mines as at present, large bodies of high grade ore having been discovered both in the Wild Goose and Paradise valley mines. For many years nothing but assessment work has been done on these mines, but there are now some 40 to 50 men employed in each of them, and they are sending away an average of \$25,000 per month. The Bullion Company's mill having been burned a few months ago, they are now running but 10 stamps; but the Paradise mill alone produced \$22,000 in the last month. It is estimated that in the Wild Goose, there is sufficient ore in the stopes and drifts of the mine to run a 10 stamp mill for six months. The most trustworthy experts say that in the Paradise mine, the vein is permanent and the ore bodies extensive.

Help the Children.

Will the public bear in mind that on Tuesday evening, December 18th, at the Reno Theatre, the pupils of the preparatory department of the Reno public school will give an entertainment for the purpose of procuring means sufficient to purchase an organ for use in the preparatory department? For several weeks back Miss Flora Finlayson has drilled the young people every day in singing, and Mrs. E. J. Knowlton, principal of the department, has been indefatigable in drilling the same in the orations, dialogues, recitations, which are to make up a most excellent programme. Let the theater be packed. You cannot afford to miss so rich a literary treat. Remember the time and place.

Don't You Want to Strike a Bonanza?

To strike it rich is one of the crying wants of the day. Go then to see Nasby, who will sell you at rates that will leave your bank account or porte-monnaie as though you had struck a veritable bonanza. He has holiday goods, general goods, special goods, and in short, he has whatever you want, and will get it promptly, if he has it not in stock.

Just Received.

I. Fredrick has just received the finest lot of silverware ever exhibited in Reno, consisting of jewel cases, toilet sets, cake basket, nut bowls, etc. This is the third shipment of silverware he has received for this holiday season, and it is not to be wondered at, as his prices are lower than any other dealer in his line, and the style and designs of his goods surpass anything ever seen in these parts.

You Want Winter Clothing.

Or, if you are going to California, you will need such clothing as is suited to the climate. Your place for all such articles—the place where they will be sold cheaply and reliably—is the White House. Any Renote will tell you that what they sell may be relied on, and you will for yourself find out how cheap they sell.

A Good Offer.

A citizen of Reno was approached by a healthy-looking vag yesterday who asked for the privilege of working for his board. The gentleman said he hadn't much work to do, and he didn't think a man could earn his board. "Oh, well," said the tramp, "I will work enough longer to make it up."

Twentieth Rehearsal.

The twentieth rehearsal of the Department of Music of the School for Girls will be given under the direction of Miss Quaffie, at the school, next Wednesday evening, December 19th, at 8 o'clock. There will be no charge for admission, and a general invitation is extended.

Bad News.

Isaac and Thomas Barnett received the news of the death of their mother this morning. She died in Germany at the ripe old age of 101 years. Their stores are closed today out of respect to her memory.

A Good Deal.

The Central Pacific Railroad Company are building a room for the Engineers and Mechanics' Library Association, at Wadsworth. It is to be 50x30 feet, and will be of great benefit to the association.

Church Notices.

There will be services as usual at the Congregational church at 11 o'clock. In the evening there will be a Sunday school concert. A cordial welcome to all.

Squaws on the Rampage.

Last night the people on the south side of the river were treated to a regular drunken-squaw fight. The squaws were evidently not too drunk to yell, at any rate, as it sounded like a whole legion of devils. It was a pleasant sight to see two half-nude squaws sitting on the ground tearing at each other's hair like a pair of wild-cats.
